# The TYROLIT MoveSmart Technology

### Maximum productivity through smart connectivity

The MoveSmart Technology is TYROLIT's entry into the world of IoT (Internet of Things). With the MoveSmart Technology, our machines are able to connect the office with the construction site for the very first time. The machine sends important information such as localisation data, operating hours, service times and error reports in order to enable an even smoother and smarter operation. In doing so, the TYROLIT MoveSmart Technology helps to plan more efficiently as well as to better understand processes and to improve machine utilisation.

## **Grooving & grinding**

## **PC4504CE**

- + Bump grinder for concrete and asphalt
- + Performance 426 kW / 575 PS
- + Blade shaft speeds: 1,315 RPM to 1,900 RPM
- + Up to 250 diamond saw blades
- + For Ø 485 mm (18")
- + Cut width 127 cm
- + 9 m lenght, 3 m hight, 25.4 t weight
- + CE certified

# BGX-C3 in TGD®

- + Exceptional and consistent cutting performance
- + Very long life time
- + Noticeable smooth running with TGD<sup>®</sup> technology
- + Innovative diamond segment design
- + Clean cutting edges
- + Various specifications for different concrete aggregates

Find more products for grooving and grinding on www.tyrolit.com

# Your reliable partner for customized solutions

Alongside the standard assortment, TYROLIT also offers machines, tools and project support for special construction projects like the controlled decommissioning of offshore facilities and nuclear power plants, as well as the construction and reconstruction of tunnels.

You can find even more information in our Project Services Brochure or at www.tyrolit.com

# Wall sawing Product highlights

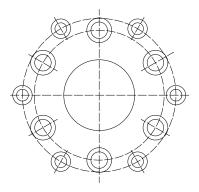

## WSE1621

- + THE electric wall saw for everyday use at the construction site
- Quick assembly and disassembly thanks to tool-free motor fastening
- + Extremely compact motor
- + Radio remote control with display
- + USB interface

+

- Small and compact control unit
- + Redesigned, lightweight blade guard
- + Available with MoveSmart Technology

### NEW

# **Combination of drive holes**

- For all 12M109 TYROLIT wall saw heads in Central Europe (except WSE811 MKII)
- ► For all 6M207 HILTI and HUSQVARNA wall saw heads

### **WSL-FAST CUT**

- + Wide-tooth C7-version
- TGD®-Technology for consistent cutting rate and smooth cutting through rebar
- Laser-welded segments for highest security up to Ø 1 200 mm
- + Ø 1 600 mm from Q2 2020 in TGD<sup>®</sup> Technology

# **Dry cutting** Product highlights

### New PREMIUM TGD® assortment

- New specifications: DCU in TGD<sup>®</sup>, DCE-SILENT in TGD<sup>®</sup> und DCH in TGD<sup>®</sup>
- + Reliable TGD<sup>®</sup> quality, now with an even better cutting rate
- + New pattern and more intelligent distribution of the diamonds for increased efficiency
- + Longer segments for even more performance

### New conventional PREMIUM assortment

- + New specifications: DCU, DCH, DCC, DCA+C
- + Universal use thanks to a dynamic new look
- + Improved cooling effect thanks to U-cuts
- + Higher cutting rate due to a reduced segment surface

### NEW PREMIUM RANGE AVAILABLE FORM SPRING 2020

NEW STANDARD RANGE AVAILABLE FORM AUTUMN 2020
